

ENVIRONMENTAL MISSION TOP spol. n.o.

Board of Directors of TOP spol. n.o. decided to help both the Slovak Republic and the EU meet ambitious environmental goals. **TOP spol. n.o.** wants to contribute to a more sustainable Europe by taking over its goals in this area.

Transformation of our economy and society

Climate change is the biggest challenge of our time. At the same time, it brings with it the opportunity to build a new economic model and support vulnerable citizens.

Commitment TOP spol. n.o.: we will create 11 jobs for people from disadvantaged and marginalized groups in our social services center.

Deadline: by the end of 2028

Sustainable transport for all

Our transition to greener mobility will offer clean, accessible and affordable transport even in the most remote areas.

Commitment TOP spol. n.o.: we will switch to ecological transport using electric cars or hydrogen motor vehicles.

Deadline: by the end of 2027

The driving force of the third industrial revolution

Green transformation is a great opportunity for European industry as it creates markets for clean technologies and products.

Commitment TOP spol. n.o.: we will create a new line of products under the new TOP bio brand.

Deadline: by the end of 2028

A cleaner energy system

To reduce greenhouse gas emissions by at least 55% by 2030, it is necessary to increase the share of energy from renewable sources and energy efficiency.

Commitment TOP spol. n.o.: we will use renewable resources in all our activities. We will only offer products with biodegradable packaging. We will build a new solar power plant on the roof of the building of the Center of Social Services.

Deadline: by the end of 2028

Renovation of buildings for a greener lifestyle

By restoring our homes and buildings, we will save energy, protect ourselves from extreme heat or cold, and thus fight energy poverty.

Commitment TOP spol. n.o.: we will restore all our properties in order to increase their energy efficiency.

Deadline: by the end of 2028

In harmony with nature in order to protect our planet and health

Nature is our important ally in the fight against climate change.

Commitment TOP spol. n.o.: we will prepare five environmental conferences for marginalized communities in our Center for Social Services

Deadline: by the end of 2028

Strengthening global climate action

We can only address the global threat of climate change in cooperation with our international partners.

Commitment TOP spol. n.o.: we will contribute to the fulfillment of these goals by using only local resources in the production of new products under the TOP bio brand.

Deadline: by the end of 2028

Environmental mission TOP spol. n.o.

Integrating environmental protection into our business is a **key issue for us**. Acceptance of new environmental trends brings us a **strategic opportunity** to demonstrate our environmental focus. The founders of TOP spol. n.o. are people with a developed environmental awareness. They perceive that the environment is a **crucial factor in survival in our sector**.
